OX FENCE RANGE

Product Features

- **Easy to install using most standard post drivers** when used in combination with a Top Hat for the **Ox Strain** and Ox Cup for the **Ox Post**. Both the hat and cup are available through Moore Concrete Stockists. A rock spike should be used in advance of installation if ground conditions deem necessary. Please refer to the Handling Instructions on our website for more details
- **Aesthetically pleasing finish** combined **Ox Strain** and **Ox Post** create an extremely aesthetically pleasing finish when used on the same fencing project.
- **Recycled plastic fixing strip** cast on one face of both the Ox Strain and Ox Post allowing wire to be stapled directly to the post.
