

	<b>Environmental Policy</b>				Ref: No	IMS 17
	Issued by	N Moore	Date	06/03/2026	Revision	5

**Moore Concrete Products** Ltd is committed to managing and minimising the environmental impact of its operations. Environmental protection, prevention of pollution, and responsible resource use are central to our business goals and decision-making.

We will comply with all relevant environmental legislation, industry codes of practice, and any other applicable requirements.

To ensure transparency, we will make this Environmental Policy available both internally and externally.

ISO 14001 will serve as the foundation for managing our environmental responsibilities and achieving our environmental objectives and targets. These objectives will be communicated throughout the organisation to promote increased environmental awareness and shared responsibility at every level.

We are committed to continual improvement, maintaining sustained effort to enhance our policies, programmes, and operational practices relating to environmental performance.

We will develop and deliver products and services designed to minimise environmental impact while safely fulfilling their intended purpose. Our approach includes:

- Preventing spillages and pollution
- Managing waste responsibly
- Minimising resource consumption
- Implementing energy-efficient practices

**Moore Concrete Products Ltd** provides a framework for effective energy management, demonstrating our long-term commitment to reducing energy consumption and promoting sustainable practices.

Before introducing new products, services, activities, or projects, we will assess potential environmental impacts and take appropriate action to mitigate them. We will also collaborate with suppliers and contractors to minimise the environmental impact of their operations and encourage responsible environmental behaviours across our supply chain.

We will measure and monitor our environmental performance through regular audits, inspections, and compliance assessments. Findings will be used to ensure we meet the requirements of this policy and to identify opportunities for further improvement.

Signed   
**Managing Director**
